INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

**Board Members of
Livingston Parish Sewerage District One
Denham Springs, Louisiana**

I have audited the accompanying basic financial statements of the **Livingston Parish Sewerage District One**, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2007, as listed in the Table of Contents. These basic financial statements are the responsibility of **Livingston Parish Sewerage District One's** management. My responsibility is to express an opinion on these basic financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the *Louisiana Governmental Audit Guide*. Those standards and the guide require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position and the results of operations and cashflows for the year then ended of the **Livingston Parish Sewerage District One**, as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated June 23, 2008, on my consideration of the **Livingston Parish Sewerage District One's** internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

My audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the **Livingston Parish Sewerage District One's** basic financial statements. The accompanying supplementary information, such as the Management's Discussion and Analysis and the Other Supplemental Schedules, as listed in the Table of Contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the **Livingston Parish Sewerage District One**, but is required by the Governmental Standards Board or other standards. I have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplemental information. However, I did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS 12-31-07

This section of the Livingston Parish Sewer District One's annual financial report presents our discussion and analysis of the District's financial performance during this fiscal year. This document focuses on the current year's activities, resulting changes, and currently know facts. Please read this document in conjunction with the additional information stated on attached financial summaries

OVERVIEW OF FINANCIAL STATEMENTS

The following narrative illustrates the minimum requirements as established by Governmental Accounting Standards Board Statement 34 as it pertains to the Livingston Parish Sewer District One.

1. ****MANAGEMENT DISCUSSION and ANALYSIS****
2. ****BASIC FINANCIAL STATEMENTS****
3. ****REQUIRED SUPPLEMENTARY INFORMATION****

BASIC FINANCIAL STATEMENTS:

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the operations of Sewer District One of Livingston Parish as a whole and present a longer-term view of the current District finances. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Assets and the Statement of Activities report the District's net assets and changes in them. The net difference between the assets and liabilities measures the health of the District's finances. Increases or decreases are noted as a measurement for your evaluation of the financial position of the District.

 Total Net Assets	 1,437,033 <u> </u>	 1,387,821 <u> </u>

Net assets of the District increased by \$49,212 from the previous year resulting from operating and non-operating revenues exceeding expenses for 12-31-07.

General Revenue Information:

The District receives no ad-valorem taxes or sales taxes, but rather is a customer-user based system whereby customers of the District pay service fees on sewer usage by previously established sewer rates. New customers pay connection fees when being added for service along with a service deposit to cover a reasonable monthly sewerage bill, which is reserved. The District has experienced growth in the past six year period with a forecast of continued steady growth in 2008. The customer base has grown from an approximate 330 customers in 1998 to a billable customer count of over 940 by the close of 12-31-07.

LIVINGSTON PARISH SEWERAGE DISTRICT NUMBER ONE
Denham Springs, Louisiana
Notes to the Financial Statements
As of and for the year ended December 31, 2007

INTRODUCTION

Livingston Parish Sewerage District Number One, Denham Springs, Louisiana, was created by the Livingston Parish Police Jury (now the Livingston Parish Council) on October 26, 1974, pursuant to the provisions of R.S. 33:3811, et. seq., of the Louisiana Revised Statutes of 1950.

The District is located in Denham Springs, Louisiana. The purpose of the District is to provide sanitation services to customers within the boundaries of the District. The District is composed of three board members who are appointed by the Parish Council of Livingston. Board members are compensated for meeting attendance at the rate of \$60.00 per meeting.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, Sewerage District One is considered a component unit of Livingston Parish Government. As a component unit, the accompanying financial statements should be included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of Livingston Parish Sewerage District One. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meetings the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements. The Livingston Parish Sewerage District One has no governmental funds and only one proprietary fund.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Livingston Parish Sewerage District One reports the following proprietary funds:

Operating Fund - Accounts for financial resources of the District.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The District's primary sources of revenues are user charges and fees charged for connecting to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Deposits and Investments

The entity's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District's investment policy allow the entity to invest in collateralized certificates of deposits, government-backed securities, commercial paper, the state-sponsored investment pool, and mutual funds consisting solely of government-backed securities.

D. Receivables and Payables

All trade and property tax receivables are shown net of an allowance for uncollectible. The District periodically evaluates the collectability of delinquent accounts.

Notes to the Financial Statements
For the Year Ended December 31, 2007

E. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out method. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide financial statements. As of, December 31, 2007, the District had no significant inventory.

F. Restricted Assets

The District is required to maintain the following reserves as a condition of the loans made to the Sewer District and/or bond covenants.

FARMERS HOME ASSOCIATION LOAN

A. *Reserve Bond Sinking Fund*

Each month the district must transfer into the revenue bond sinking fund, a sum equal to one-twelfth of the interest falling due on the next interest payment date and, in addition, a sum equal to one-twelfth of the principal falling due on the next principal payment date, together with such additional proportionate sums as may be required as the same respectively become due. Said fiscal agent bank shall make available from the revenue bond sinking fund to the paying agent for all installments on the bond payable from said fund, at least ten days in advance of the date on which each payment of principal or interest falls due, funds fully sufficient to pay promptly the principal and interest so falling due on such date.

B. *Sewerage System Revenue Bond Reserve Fund*

Each month the district must transfer into the reserve fund, a sum equal to five per cent of the sum required to be transferred in each month into the revenue bond sinking fund as required in the reserve bond sinking fund, the payments to continue until such time as there has been accumulated therein a sum equal to the highest combined principal and interest requirement in any succeeding fiscal year on the outstanding principal of the bonds. The money in the reserve fund is to be retained solely for the purpose of paying the principal of and the interest on bonds payable from the revenue bond sinking fund as to which there would otherwise be default.

C. *Depreciation and Contingency Fund*

Each month the district must transfer into the depreciation and contingency fund the sum of \$168.00. All monies in the depreciation and contingency fund may be drawn on and used by the district for the purpose of paying the cost of unusual or extraordinary maintenance, repairs, replacements and extensions, and the costs of improvements to the sewerage system, which will either enhance its revenue producing capacity or provide a higher degree of service.

1997-A SERIES BONDS

- A. A Sewerage System Revenue Bond and Interest Sinking Fund (the "Revenue Bond Sinking Fund")**, sufficient in amount to pay promptly and fully the principle of and interest on the bond and unrefunded bond, including any additional pari passu bonds issued hereafter in the manner provided in this resolution, as they severally became due and payable by depositing with the regularly designated fiscal agent bank of the District (which must be a member of the Federal Deposit Insurance Corporation) by transferring from said Revenue Fund to the Sinking Fund before the 20th day of each month of each year beginning on the first day of the month following delivery of the bond, a sum equal to one-twelfth (1/12) of the interest falling due on the next interest payment date and, in addition, a sum equal to one-twelfth (1/12) of the principal falling due on the next principal payment date, together with such additional proportionate sums as may be required as the same respectively become due. Money in the Revenue Bond Sinking Fund shall be deposited as trust funds and shall be used solely and is hereby expressly and exclusively pledged for the purpose of paying principal of and interest on the bond and parity bonds.

Following the required payments to the Revenue Bond Sinking Fund, the monies remaining in the Revenue Fund shall be distributed in accordance with the following paragraphs:

- B. A "Sewerage System Revenue Bond Reserve Fund"**, by transferring to the regularly designated fiscal agent bank (which must be a member of the Federal Deposit Insurance Corporation) monthly in advance on or before the 20th day of each month of each year, a sum equal to five percent (5%) of the sum required in (b) above, the payments to continue until such time as there has been accumulated therein a sum equal to the highest combined principal and interest requirement in any succeeding fiscal year on the outstanding principal of the bond, the unrefunded bond, and any additional parity bonds. The money in the Reserve Fund is to be retained solely for the purpose of paying the principal of and the interest on bonds payable from the Revenue Bond Sinking Fund as to which there would otherwise be default. In the event that additional pari passu bonds are issued hereafter in the manner provided by this resolution, there shall be transferred from the Sewerage System Revenue Fund into the Revenue Bond Sinking Fund, monthly or annually, such amounts (as may be designated in the resolution authorizing the issuance of such pari passu bonds) as will increase the total amount on deposit in the Reserve Fund within a period not exceeding five (5) years from the date of delivery of the parity bonds to a sum equal to the highest combined principal and interest requirements in any succeeding fiscal year on all outstanding bonds issued pursuant to the terms of this resolution, including such pari passu bonds.
- C. A "Depreciation and Contingency Fund"**, by transferring from the Sewerage System Revenue Fund on or before the 20th day of each month to the regularly designated fiscal agent bank of the District (which must be a member of the Federal Deposit Insurance Corporation) the sum equal to five percent (5%) of the sums required to be transferred in each month into the Revenue Bond Sinking Fund, as required in (b) above, but not less than \$168.00 per month. All monies in the Depreciation and Contingency Fund may be drawn on and used by the district for the purpose of paying the cost of unusual or extraordinary

For the Year Ended December 31, 2007

maintenance, repairs, replacements and extensions, and the costs of improvements to the Sewerage System, which will either enhance its revenue-producing capacity or provide a higher degree of service. In the event the available balances in the Revenue Bond Sinking Fund and Sewerage System Revenue Bond Reserve Fund are insufficient, monies on deposit in the Depreciation and Contingency Fund shall be transferred in such amounts as are necessary to eliminate the deficiencies, respectively, in the Revenue Bond Sinking Fund and the Reserve Fund.

Restricted assets have been set aside in the current period as required by the applicable bond resolution in order to service the bonds payable.

G. Capital Assets

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Infrastructure assets	40
Land improvements	40
Buildings and building improvements	40
Furniture and fixtures	5-10
Vehicles	5
Equipment	3-10

H. Compensated Absences

Employees of the District earn leave based on the number of hours worked each pay period. At this time the District has no provisions for leave carryover; therefore, a leave accrued was not recorded in the financial statements.

I. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are

LIVINGSTON PARISH SEWERAGE DISTRICT ONE
Denham Springs, Louisiana
Notes to the Financial Statements
For the Year Ended December 31, 2007

reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

J. Fund Equity

In the government wide financial statements, equity is reported as net assets and is segregated into three components. Those components are: amounts invested in capital assets (net of related debt), amounts restricted, and unrestricted net assets.

K. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the District, which are either unusual in nature or infrequent in occurrence.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budget Information

Livingston Parish Sewerage District One uses the following budget practices:

- The District's secretary/treasurer prepares a proposed budget and submits same to the Board of Directors no later than fifteen days prior to the beginning of each fiscal year.
- A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
- A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
- After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of a resolution prior to the commencement of the fiscal year for which the budget is being adopted.

LIVINGSTON PARISH SEWERAGE DISTRICT ONE
Denham Springs, Louisiana
Notes to the Financial Statements
For the Year Ended December 31, 2007

- All budgetary appropriations lapse at the end of each fiscal year.
- Budgets for the funds are presented on the modified accrual basis of accounting. All budgetary amounts presented reflect the original amended budget (which have been adjusted for legally authorized revisions of the annual budget during the year).

3. CASH AND CASH EQUIVALENTS

At December 31, 2007, the District had cash and cash equivalents (book balances) as follows:

December 31, 2007

Demand Deposits	\$ 189,078.55
Trust Funds	<u>54,766.17</u>
Total	<u>\$ 243,844.72</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance of the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposits (bank balances) secured at December 31, 2007, are as follows:

Category 1 – Insured by FDIC or collateralized with securities held by the Board or by its agent in its name

Category 2 – Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Board's name

Category 3 – Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Board's name; or collateralized with no written or approved collateral agreement.

9. RISK MANAGEMENT

The District is exposed to various risks of loss related to theft, damage, or destruction of assets, torts, injuries, natural disasters, and many other unforeseeable events. The District purchases commercial insurance policies and bonds for any and all claims related to the aforementioned risks. The District's payment of the insurance policy deductible is the only liability associated with these policies and bonds. There has been no significant decreases in insurance coverage from the prior year, and the amount of settlements has not exceeded the insurance coverage for the past three fiscal years.

OTHER REPORTS REQUIRED BY
GOVERNMENT AUDITING STANDARDS

The following pages contain a report on compliance with laws and regulations and on internal control over financial reporting as required by *Government Auditing Standards*, issued by the Comptroller General of the United States. This report is based solely on the audit of the financial statements and includes, where appropriate, any reportable conditions and/or material misstatements in internal control or compliance matters that would be material to the presented financial statements.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Board Members of
Livingston Parish Sewerage District One
Denham Springs, Louisiana**

I have audited the basic financial statements of **Livingston Parish Sewerage District One**, Denham Springs, Louisiana, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2007, and have issued my report thereon dated June 23, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, we considered the **Livingston Parish Sewerage District One** internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the **Livingston Parish Sewerage District One** internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the **Livingston Parish Sewerage District One's** internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Livingston Parish Sewerage District One's** financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards* and the Louisiana Governmental Audit Guide.

This report is intended solely for the information and use of **Livingston Parish Sewerage District One's** management, pass-through entities, and the Legislative Auditor, and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Current Year Findings Year Ended December 31, 2007

A. SUMMARY OF AUDIT RESULTS

1. The auditors' report expresses an unmodified opinion on the basic financial statements of Livingston Parish Sewerage District One.
2. No significant deficiencies were disclosed during the audit of the basic financial statements.
3. One instance of noncompliance was disclosed during the audit of the basic financial statements.
4. There were no federal awards received by Livingston Parish Sewerage District One.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

2007-1 Possible Violation of Louisiana Revised Statute 42:1112 (Code of Governmental Ethics)

The Sewer District paid \$8,869.50 to JAZ Group, LLC. One of the members of JAZ Group, LLC is also listed as a member of Certified Wastewater Management, LLC along with the manager of the Sewer District. We did not find any payments to Certified Wastewater Management, LLC made by the Sewer District. However, RS 42:1112 states in part that a governmental entity is prohibited from participating in a transaction in which the partner of a public servant, of the governmental entity, has a substantial economic interest. It appears that since the manager is the partner in an LLC, who is also a member of a second LLC which has been paid by the District, there may be a violation of RS 42:1112.

Management's Response

Management concurs with the finding. Certified Wastewater Management, LLC was formed several years ago and has never conducted any business in its entire history. Upon learning of this issue, the District's manager immediately dissolved the LLC. The District manager asserts that the LLC was created many years ago for a business concept that did not involve governmental entities however, after making initial inquiries the business plan was scrapped and the LLC was forgotten about, until this issue was recently called to his attention. The District manager further asserts that he does not have and has never had any economic interest in JAZ Group, L.L.C.

To the Board of Commissioners of
Livingston Parish Sewerage District One

I have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Livingston Parish Sewerage District One for the year ended December 31, 2007, and have issued my report thereon dated June 23, 2008. Professional standards require that I provide you with the following information related to my audit.

My Responsibility under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in my engagement letter dated April 14, 2008, my responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. My audit of the financial statements does not relieve you or management of your responsibilities.

As a part of my audit, I considered the internal control of Livingston Parish Sewerage District One. Such considerations were solely for the purpose of determining my audit procedures and not to provide any assurance concerning such internal control.

As a part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed test of Livingston Parish Sewerage District One's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of my tests was not to provide an opinion on compliance with such provisions.

My responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

I am responsible for communicating significant matters related to the audit that are, in my professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, I am not required to design procedures specifically to identify such matters.

My responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report. I do not have an obligation to perform any procedures to corroborate other information contained in these documents, such as management's discussion and analysis and supplementary budgetary statements.

Planned Scope and Timing of the Audit

I performed the audit according to the planned scope and timing previously communicated to you in my Entrance Memorandum about planning matter on April 16, 2008.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of my engagement letter, I will advise management about the appropriateness of accounting policies and their application. The significant accounting policy used by Livingston Parish Sewerage District One are described in Note 1 to the financial statements, no new accounting policies were adopted and the application of existing policies was not changed during 2007. I noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimated are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the depreciation expense and useful life of capital assets is based on policy guidelines. I evaluated the key factors and assumptions used to develop the capital asset policy in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of capital assets and the related depreciation expense. Since 51% of total assets are compromised of depreciable capital assets, the estimate of useful lives is particularly significant.

Difficulties Encountered in Performing the Audit

I encountered no significant difficulties in dealing with management in performing and completing my audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No adjustments were identified in the course of my audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

Management Representations

I have requested certain representations from management that are included in the management representation letter dated June 23, 2008.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the government unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, my professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the government unit's auditors. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.
